For completion by the membership Secretary, and return with the Access Card.

**NOTES on the use of the Access Card issued against this application.**

The Access Card operates the gates at the main entrance to the club, entrance to the South Dinghy Park and the Workshop doors etc. The gate to the South Dinghy Park is to be kept locked at all times.

The main entrance gate requires the card to enter, opening on the presentation of the card to the card reader. During normal club hours, on exit the gate will open automatically on the presentation of the card to the card reader.

The Access Card also gives access to the double doors into the workshop area in the clubhouse, and to the radio-box attached to the pillar in the workshop. The radio-box contains a bunch of keys, which give access to most parts of the club complex but not to the club house itself.

For security reasons only selected key-holders can unlock the clubhouse. Other members **MUST NOT** attempt to gain access to the club house otherwise the security system will be breached and the police automatically alerted.

All card holders are responsible for ensuring the security of the site in this way.

Additional cards are available from the Membership Secretary upon the receipt of a further £10 deposit.
